PUBLICATION CHARGE CERTIFICATION

PLEASE check one:

- ❑ **YES. We agree to pay $300 per article for a paper 1-10 pages in length, plus $50 for each additional page, in support of the publication of this paper, in the total amount in item (05) above.**
- ❑ **NO. We are unable to pay publication charges because**

_____

If you are able to support publication of your paper but are only able to pay partial page charges, please contact journals@spie.org.

Editorial acceptance is not contingent on publication charge support; however, unsupported papers require full subsidization by SPIE. While voluntary, these financial contributions help defray the cost of publishing research results and should be regarded as an essential and proper part of research budgets. The Society expresses its appreciation for any amount of publication charge support.
