

Press release

Lorenzo awarded SPIE Optics and Photonics Education Scholarship

BELLINGHAM, Washington, USA – 20 May 2015 – Josie Sierra Lorenzo has been awarded a 2015 Optics and Photonics Education Scholarship by SPIE, the international society for optics and photonics for her potential contributions to the field of optics, photonics or related field.

Lorenzo is currently a student pursuing a BS degree in photonic sciences and engineering at the University of Central Florida (USA). She is an undergraduate researcher at the Nano Science Technology Center where she is involved in working with photorefractive materials and solar cells. As a junior she acquired her first publication and is working on writing more. After graduation she plans to continue her studies and pursue a masters and a PhD in the field of Photonics.

In 2015 SPIE awarded \$353,000 in education and travel scholarships to 126 outstanding individuals, based on their potential contribution to optics and photonics, or a related discipline. Award-winning applicants were evaluated, selected and approved by the SPIE Scholarship Committee, Chaired by SPIE volunteer Cristina

Solano.

Through 2014, SPIE has distributed over \$4.5 million dollars in individual scholarships. This ambitious effort reflects the Society's commitment to education and to the next generation of optical scientists and engineers around the world.

[SPIE is the international society for optics and photonics](#), a not-for-profit organization founded in 1955 to advance light-based technologies. The Society serves nearly 264,000 constituents from approximately 166 countries, offering conferences, continuing education, books, journals, and a digital library in support of interdisciplinary information exchange, professional networking, and patent precedent. SPIE provided more than \$4 million in support of education and outreach programs in 2014.
