## Giraldo awarded SPIE Optics and Photonics Education Scholarship

BELLINGHAM, Washington, USA – 29 May 2015 – Leidy Marcela Giraldo has been awarded a 2015 Optics and Photonics Education Scholarship by SPIE, the international society for optics and photonics for her potential contributions to the field of optics, photonics or related field.

Giraldo is a graduate student working towards her MSc in Optics and Photonics at Aix-Marseille Université (France) and Karlsruhe Institute of Technology (Germany). She worked in Colombia as an engineer in the design and implementation of a holographic printer. Giraldo said, “I enjoy working and studying in interdisciplinary and multicultural environments and I have an increasing interest in non-linear optics and biophotonics.”

In 2015 SPIE awarded \$353,000 in education and travel scholarships to 126 outstanding individuals, based on their potential contribution to optics and photonics, or a related discipline. Award-winning applicants were evaluated, selected and approved by the SPIE Scholarship Committee, Chaired by SPIE volunteer Cristina Solano.

Through 2014, SPIE has distributed over \$4.5 million dollars in individual scholarships. This ambitious effort reflects the Society's commitment to education and to the next generation of optical scientists and engineers around the world.

[SPIE is the international society for optics and photonics](#), a not-for-profit organization founded in 1955 to advance light-based technologies. The Society serves nearly 264,000 constituents from approximately 166 countries, offering conferences, continuing education, books, journals, and a digital library in support of interdisciplinary information exchange, professional networking, and patent precedent. SPIE provided more than \$4 million in support of education and outreach programs in 2014.
