Image-Guided Procedures, Robotic Interventions, and Modeling Awards  
(CONFERENCE 11315)  
Tuesday 18 February 2020 • 12:10 PM – 12:15 PM

**YOUNG SCIENTIST AWARD**

This award is specific to papers in the Image-Guided Procedures, Robotic Interventions, and Modeling conference 11315. The Young Scientist Award is a prize awarded to the first authors of high quality papers within the Image-Guided Procedures, Robotic Interventions, and Modeling conference.  

SPONSORED BY: SIEMENS Healthineers

Deadline for full conference manuscript and Letter of Support is **11 November 2019**. The winner and runner up will be notified in late January and presented with their awards at the conference.

**ELIGIBILITY REQUIREMENTS**

Applicant must:

• be the first author of a paper in the current program  
• and an early career scientist  
• submit no later than **11 November 2019**.

A Letter of Support from the author’s supervisor is required. Submitted manuscripts will be peer-reviewed and judged both on their scientific merit and clinical relevance.

**TO APPLY**

Submit the following by **11 November 2019. Late submissions will not be accepted:**

• Full manuscript formatted according to manuscript guidelines via the SPIE Submission System  
• Include “Young Scientist” in Step 1 of the SPIE Submission System  
• Letter of Support from author’s supervisor  
• Email to the Conference Programs Coordinator Kirsten Anderson (kirstena@spie.org)  
• Include “Young Scientist Award” and paper number in the subject line of your email.
