

EXHIBITOR REGISTRATION

Badges are required for all persons entering the exhibit hall. It is the liaison's responsibility to register booth staff.

There are two different badge types:

Exhibit Staff

- Receives entry into the exhibit hall before, during, and after exhibit hall hours.
- Receives entry into the welcome reception.
- Each company is allotted 50 Exhibit Staff. You may request more by contacting exhibitions@spie.org.

Exhibit Staff with Technical Pass

- Receives entry into the exhibit hall before, during, and after exhibit hall hours.
- Receives entry into conference sessions, plenaries, panels, and poster sessions. It is not valid for Authors. All Authors must register for a Speaker/Author registration through the spie.org website.
- Each company's allotment is based on exhibit space: Islands, Booth and Peninsulas receive two; Tables receive 1; and co-exhibitors do not receive any.

The Exhibit Staff Registration link will only appear when registration is open. If you do not see the link contact exhibitions@spie.org.

If you are exhibiting at more than one event, make sure you are registering for the correct event.

▼ SPIE Photonic West 2020 Exhibition
Exhibition Dates: 4 - 6 Feb 2020
Location: San Francisco, California, United States
Booth Number: 3126

Registration Notes

- If you exhibit at Photonics West and BIOS Expo, register for Photonics West only. One badge is good for both events.
- Co-exhibitors should register separately under their own Dashboard Account.

Register Past Exhibitor Staff

To add booth personnel from the previous year's event, Drag and Drop the name from the Past Exhibitor Staff list to the current roster (Exhibit Staff with Technical Pass or Exhibit Staff).

Don't forget to click **Save Roster** after adding your registrations.

ADD TO ROSTER

When finished registering staff, click **Save Roster** before moving to another page or tab, otherwise all edits will be lost.

NOTE:
Save roster before leaving page
or all changes will be lost.

SAVE ROSTER

Important: Do not overwrite a badge that is already assigned to a different person. This will cause errors and not allow the badge to print onsite. The name on the left must match the name on the badge.
