BEST STUDENT PAPER AWARDS

All contributed papers of conference OE105 given by a young scientist (PhD student or postdoc within the first two years after graduation) are eligible for the award. Note that this award is for contributed papers only. Invited papers and contributions to other symposia do not qualify. To facilitate handing out the award during the meeting, applications will be collected prior to the meeting. To qualify for the award, applicants must:

- be a young scientist (PhD student or postdoc within the first two years after graduation)
- be listed as a contributing author (not invited) on an accepted paper within conference OE105
- have conducted the majority of the work to be presented
- submit your manuscript online by 4 January 2023
- present your paper as scheduled
- be present at the Awards Ceremony.

To Apply, qualified applicants must submit:

- slides of presentation (Powerpoint or PDF document)
- additional information about the scientific content of the presentation
- date of graduation if you have already completed your PhD.

The presentation and the supplementary material should be sent via email to Prof. Markus Betz (please include your SPIE paper number) by 9 January 2023.
Present your research at SPIE Photonics West

Below are abstract submission instructions, the accompanying submission agreement, conference presentation guidelines, and guidelines for publishing in the Proceedings of SPIE on the SPIE Digital Library. Submissions subject to chair approval.
